1942 SPRING PRICES

READ CAREFULLY BEFORE ORDERING

Orders from this list will be delivered anywhere in the United States. However, we do not solicit orders for less than \$2.00 to be delivered via Express or Parcel Post. Customers living in the State of Washington must include 3% sales tax, unless bulbs are to be resold. In which case kindly include your State Nursery License number.

We make no substitutions for varieties of which stock is all sold out. We will substitute sizes of a variety if out of size ordered unless ordered not to do so by the customer. Placing your order EARLY will overcome this to a large degree. All bulbs are guaranteed to be true to name and free from any harmful disease. Bulbs proving otherwise we will cheerfully replace or return your money. In other words, you must be satisfied.

Wholesale Prices Prepaid per 100

25 AT 100 RATE

5 AT 10 RATE

GLIMMEREN

(Glimm-er-en)

We are offering this year a new variety which has been grown and shown as Seedling No. 3710. While we lay no claims to having a world beater we do think we have an addition to the cut flower division. This variety being an early bloomer always has been gone by the time show dates roll around in these parts. However, we were fortunate in having a few blooms for the Yakima Valley Show in 1941 and GLIMMEREN took a Blue Ribbon in the Seedling Class, and also a Blue Ribbon for the Best Six Spike Vase.

This variety is a large, tall, healthy grower, an ORANGE-RED with deep YELLOW center with four or five 5½ to 6 inch florets open and plenty of color showing on an 18 to 22 bud spike. It is a fast propagator, bublets germinate easily and many bloom.

PRICED FOR INTRODUCTION SPRING 1942, Sizes 2-3-4\$2.00 per bulb

No bublets for sale this year.
